EDUCATIONAL BACKGROUND

Lingnan University (LU)
Master of Science in Data Science **|** Sep 2025 – Present

- Key Courses: **Database Management(A)**, **Data mining(A-)**, **Programming for Data Science (A-)**, Block chain, Statistics for Data Science, Big Data Analytics, Practical Application of Deep Learning, Foundation of A.I., Machine Learning for Business.

Software Engineering Institute of Guangzhou (SEIG)
Bachelor of Engineering in Network Engineering | Sep 2021 – Jun 2025

- Key Courses: **Application System Integration(A)**, **Routing and Switching Technologies (A-)** , **Web Scripting**, **Network Operating System(A-),** Principles and Applications of Database Systems, Probability and Statistics.
  Grading Scale: A (90-100), A- (85-89)

INTERNSHIP EXPERIENCE

Assistant Product Manager
Sigowill Bio Meditech Limited, Shenzhen | Sep 2024 – Apr 2025

- Maintained 5+ medical device products, facilitating cross-functional communication between software and hardware teams, which reduced internal alignment time by 15%.
- Provided technical support to 10+ key clients, improving product implementation satisfaction rate by 25%.

RPA Development Engineer
Saibang Feituo Technology Co., Ltd., Shenzhen | Jan 2024 – Feb 2024

- Designed and deployed 3 automated workflow processes, reducing manual operation time by 8 hours/week.
- Optimized data exception handling mechanisms, decreasing system error rates by 20% within one month.

Data Verification Assistant
Zhenming Judicial Authentication Institute, Shenzhen | Jul 2023 – Aug 2023

- Assisted in decrypting and analyzing electronic and malware-related data, ensuring data accuracy while developing automated scripts that improved processing throughput by 18%.

Technical Specialist
Qianhai Qisi Technology Co., Ltd., Shenzhen | Jun 2021 – Aug 2021

- Contributed to chip research projects and assisted in developing digital marketing strategies for 3 overseas markets. Supported the launch of cross-regional campaigns, contributing to social media content planning and performance monitoring.

ACADEMIC PROJECT

Smart Desk Signature System Based on Multi-Network Integration Technology
College Student Innovation and Entrepreneurship Training Program (National Level) | Jun 2023 – Jun 2024

- Achieved "Excellent" in the final acceptance review.
- Awarded in the 2023 China International College Student Innovation Competition (High Education Main Track).
- Developed Bluetooth-based communication modules to enable real-time data exchange between signature hardware and mobile devices.
- Optimized Bluetooth connection stability and transmission speed, reducing packet loss rate by 18% and improving average response latency by 22%.

HONORS & AWARDS

Third Prize, 20th Software Design Competition, SEIG (Jun 2023)
Second Prize, College English Recitation Competition, SEIG (Dec 2021)
Outstanding Manager Award, 13th "Freshman Cup" Football Match (Nov 2021)

EXTRACURRICULAR ACTIVITIES

Member, Student Union Cultural Activities Department, SEIG (Oct 2021 – Jun 2024)
Class Organizer, Network Engineering, SEIG (Sep 2021 – Jun 2025)

SKILLS & INTERESTS

Languages:	Mandarin (Native), English(CET:511/710)
Technical:	Python, JavaScript, C, PHP, H5, Database Management, WeChat Mini Program Development, ENSP Simulator
Hobbies	Piano (Grade 6, China Music Association), Swimming
Certifications:	Driving License (Class C)
